 Kardinaal Alfrinklaan 21
3972 SG, Driebergen

PROFILE

A persistent control engineer with a passion for robotics and software engineering. I find joy at my current position and would like to stay for at least two days a week. For the remaining working days I would like to become part of a software development team. In order to improve further as a full stack developer with emphasis on desktop applications. I love making stuff, as a hobbyist I enjoy woodworking and making bicycles.

WORK EXPERIENCE

Reclameverspreiding Eindhoven

Newspaper Caretaker

August 2008 - September 2012

Nederwetten, Noord-Brabant

Slinders

Aid Chief

August 2012 - June 2015
